Road Closure:

Effective May 30, 2017, the Mohawk Gate (ACP 15) changed hours of operation to 5:00 am – 6:00 pm. Traffic throughput levels did not necessitate the continued operation of this gate past 6:00 pm. The DES continues to analyze traffic throughput and will make adjustments as necessary.

• • •

Effective Tuesday, September 1, 2015, the installation access processes changed as follows:

- All Soldiers, Family Members, DoD Civilians, Retirees and any other DoD identification card holder will show their DoD ID at the gate for entrance to the installation. Passengers (with proper ID) can be escorted onto the installation.
- Customers who routinely access Fort Hood can get an extended access pass at the visitor center, i.e. contractors, school teachers, bank workers, but will not be able to escort other visitors. These customers can get a bulk issue of passes for their employees. Business owners or management staff will submit a memo to DES with employee(s) name(s), date of birth, driver's license number / state ID and last 4 of social security number.
- All non-DoD drivers and passengers are required to report to the Visitors Welcome Center to obtain an installation access pass. Children under 17 years of age may be vouched for by an adult.

- There is no change to the firearms registration program. All firearms must be registered prior to transporting onto Fort Hood. Firearms registration can be completed at the Visitors Welcome Center or the Military Police station on 58th and Battalion Avenue.

AtHoc – Integrated Warning System Fort Hood Mass Warning and Notification System

AtHoc is one of many (giant voice, Integrated Public Alert System-IPAWS, internal building public alert systems) emergency mass notification systems on Fort Hood to assist in warning and notification during an emergency incident. The AtHoc notification system is available to individuals using government issued computers, phones and wireless devices. AtHoc relies on the contact information provided when registering with AtHoc. All AtHoc users are encouraged to check their registration to ensure accurate information is registered to enable critical emergency alert notification capabilities at work, home or while travelling. The AtHoc system alerts via multiple and redundant means, including computer desktop notifications (pop-ups), land line phones, mobile phones, emails and SMS texts. This allows the Fort Hood Installation Operations Center to notify personnel of an active or emergent event on the installation, or emergency instructions on necessary actions to take during a large scale emergency.

Visit Fort Hood page at <http://www.hood.army.mil/> for AtHoc registration instructions (click the Purple Globe).

See Something, Say Something

Suspicious activity is any observed behavior that could indicate anything from criminal activity to terrorism-related crime. This can include seeing unusually placed items or situations that are out of the ordinary, a person eliciting information such as the operations or security procedures for a facility or the personnel employed, or someone paying unusually close attention to facilities or operations beyond casual or professional interest. Some of these activities could be innocent. It is up to law enforcement to determine whether the behavior warrants investigation. The activities above are not all-inclusive, but have been compiled based on studies of pre-operational aspects of both successful and thwarted criminal and terrorist events over several years.

Informed, alert communities play a critical role in keeping us safe. We can all help in keeping our community safe by paying attention to our surroundings and reporting suspicious activity to local law enforcement. If you see suspicious activity, report it to 288-COPS (2677) on Fort Hood or your local law enforcement agency immediately. Describe specifically what you observed to include who or what it was, when you saw it, where it occurred, and why it's suspicious. Your diligent observation and reporting of any suspicious activity could help someone in your community or prevent a crime or even a terrorist event.

For more information, contact Mr. James Brooks (254) 287-6026 or Ms. Lacey Eide (254) 285-6412, USAG Fort Hood OPSEC Managers.

Fort Hood Critical Information List

Operations Security protects sensitive, but generally unclassified information that is critical to our mission. Critical information consists of *specific* facts about our *capabilities, activities, limitations and intentions* (CALI). The critical information is so vital to the mission that if the adversary obtains it, correctly analyzes it, and acts upon it, the compromise could prevent or seriously degrade mission success. The Critical information List (CIL) documents an organization's critical information that should be protected. The Fort Hood CIL is as follows:

- **S**ensitive Reports: reports containing sensitive and / or personally identifiable information (PII) or information pertaining to mission readiness such as blotters, battle damage assessments, recall rosters, manning documents, etc.
- **E**merging Tactics, Techniques, and Procedures (TTP): newly administered TTPs to improve mission effectiveness such as ways to avoid or detect IEDs, convoy protection methods, etc.
- **N**etwork & Communications Related: call signs, frequencies, passwords, Automated Information Systems (AIS) protection (types used, measures, and procedures), changes in message volume, etc.
- **S**ecurity Plans and Procedures: Random Antiterrorism Measures, shift change for guards, changes in Force Protection Conditions (FPCON), Defense Conditions (DEFCON) or Information Conditions (INFOCON), etc.
- **I**ntelligence, Surveillance and Reconnaissance (ISR): intelligence resources, collection techniques, ongoing operations and goals, counterintelligence operations, etc.
- **T**roop Movements & Travel: deployment / redeployment Date-Time-Group (DTG), locations, itineraries, ports, routes, embarkation points, VIP / High Risk Personnel (HRP) travel, TDY orders, leave for large groups or entire units, emergency recall of personnel, etc.
- **I**nformation Pertaining to Current / Future Operations (FUOPS): deployment plans, exercises, scope of operations, planning details, specific Courses of Action (COA) for forces, Rules of Engagement (ROE) / Rules for Use of Force (RUF), Military Information Support Operations (MISO), and Military Deception operations (MILDEC), Security Access Program (SAP) elements in contracts, etc.
- **V**ulnerabilities: a condition that allows the adversary time to observe, orient, decide and act against us in areas such as critical infrastructure, building schematics that show security weaknesses, physical security shortfalls, etc.
- **E**quipment Specifications and Limitations: shortfalls, vehicle schematics, vehicle battle damage assessments, weapons systems, research and development (R&D) projects, electronic systems, software used in new systems, etc.

[Army Emergency Relief \(AER\)](#)

Did You Know...

...Army Emergency Relief has provided more than \$1.7 billion in assistance to Soldiers and Families since 1942? That assistance has been provided to more than 3.6 million Soldiers and Families in the form of no-interest loans and grants, as well as scholarships to Children and Spouses of Soldiers. Each case is evaluated on its own merits and there is no “boiler-plate” answer. AER should be the first stop when a Soldier is confronted with a financial emergency. Contact AER for further information! Let them know how they can be of assistance.

...Army Emergency Relief has reciprocal agreements with the other Service Aid Societies? AER assistance is available at any of the 78 AER sections located on Army installations around the world. However, if you find yourself in a situation where you are not near an Army installation, AER has agreements with the Air Force Aid Society, the Navy-Marine Corps Relief Society and Coast Guard Mutual Assistance. All can...and have processed AER assistance requests. Additionally, if you are not near any military installation, AER also has an agreement with the American Red Cross. Just call their 24-hour call center at 877-272-7337 and they can process your request.

Army Family Action Plan (AFAP) Issue Submission

AFAP is the process in which we, the Army Family, have the opportunity to tell our leadership what is working well in the Army, what isn't, and what we think will fix the issue. By submitting your issues to AFAP, you shed light on the concerns you have with the quality of life within the Army and give leadership your ideas on how to resolve those issues.

AFAP issues can be submitted to any AFAP Issue Submission box (located at various locations on post); Army Community Service; Oveta Culp Hobby Soldier & Family Readiness Center (OCHSFRC); faxed to (254) 288-3650, emailed to usarmy.hood.imcom-fmwrc.list.ACS-AFAP@mail.mil, or submitted online through www.myarmyonesource.com (AFAP Issue Management System).

For additional information, call the Fort Hood AFAP office at (254) 287-AFAP (2327) or (254) 286-6600.

Emergency Communications:

The American Red Cross provides timely, factual reports about Family emergencies, such as a death, illness or birth, to Service Members wherever they are stationed. When a request is generated because of an emergency situation, defined as "a sudden, generally unexpected, occurrence of a time-critical and short-term nature that disrupts or threatens to disrupt the norm and that demands immediate action or attention," the American Red Cross provides a third-party verification of the emergency for the Service Member. Emergency Communications allows Service Members who are separated from their Families to remain in contact when time and accuracy are critical. The Emergency Communications Center and American Red Cross offices worldwide provide Emergency Communications around the clock.

KOS is available for Unit FRG Meetings, unit events and Deployment briefings. For more information, call (254) 287-7273.

Child Development Centers (CDC)

The CDCs offer full day, part-time, and before/after care for children enrolled in pre-kindergarten and kindergarten in on-post elementary schools, and hourly care programs for children six (6) weeks through kindergarten age. A developmentally appropriate curriculum for young children is planned by the teaching staff with attention to the different needs, interests and developmental levels of each child. All CDCs offer trained teaching staff, balanced meals, age-appropriate developmental activities and all eligible CDCs are nationally accredited.

Hourly Care services are available at Meadows and Montague CDCs. Hourly care is short-term child care, no more than twenty (20) hours per week, for children whose parents have medical/dental appointments, volunteer commitments or just need some respite time. Reservations may be made up to thirty (30) days in advance.

The Part-Time Preschool program normally follows the Killeen Independent School District (KISD) school year calendar.

Family Child Care (FCC)

The FCC program is a professionally managed network of adult individuals certified to provide child care in on-post government quarters for children four (4) weeks to twelve (12) years of age and provide programs such as extended hours [for parents who must go on temporary duty (TDY) or field assignments] or special needs care. Fort Hood FCC homes may also offer hourly care services, part-day care, or before and after school care. All FCC providers are certified after meeting basic regulatory requirements and their homes are regularly monitored by FCC staff and inspected for fire, health and safety compliance. In addition, FCC providers work to obtain National Association for Family Child Care (NAFCC) accreditation using the same level of standards as CDCs and are encouraged to participate in special activities. For more information, call the Family Child Care Administrative Office in Bldg. 283, Battalion Avenue and 37th Street, (254) 553-4620.
